Ms. Darlene Lennie
Executive Director
Métis Capital Housing Corporation
11923 – 121A Street
Edmonton, AB T5L 0A2

Dear Ms. Lennie:

Thank you for the opportunity to meet with your team and to hear more about the Métis Capital Housing Corporation, in particular your Family Reunification Program (FRP). I found our discussion informative and inspiring.

I am pleased to provide this letter of support for your proposed 31-suite FRP centre in Edmonton's North Glenora neighbourhood. This initiative aligns with the Ministry of Human Services' priorities of supporting families to remain together and building on a family's strengths to ensure child safety and well-being. We share a common goal of reuniting children with their family in a safe and supportive environment rather than bringing the children into permanent government care.

I look forward to working with your organization in the future and hearing more about the positive outcomes achieved by families involved with your program.

Sincerely,

Honourable Manmeet S. Bhullar
Minister
